

FlexiPlan

FlexiPlan

FlexiPlan is designed to fill the gap when short term rental is not cost effective and traditional contract hire is considered too much of a financial commitment.

With FlexiPlan, vehicles are available from a minimum of three months, which is perfect for removing the cost burden associated with pool cars and pre-contract vehicles.

FlexiPlan can be used to satisfy the mobility requirements of many employees, including temporary or contract staff and seasonal workers.

With our constant 'price check', FlexiPlan delivers the most cost efficient solution to medium term rental and with easy set-up, you can start to benefit right away.

A flexible solution for the changing needs of your organisation

Benefits of FlexiPlan

- Market leading price structure.
- No capital outlay is required and there are no residual value concerns.
- Vehicles can be delivered within two hours of ordering providing a rapid solution to a mobility requirement.
- Wide choice of vehicle types and specifications to the needs of your drivers.
- Vehicle return possible anytime after three months.
- Free safety check and valet for all FlexiPlan vehicles every month.
- 2800 free miles per month.
- No delivery and collection charges.
